SKS

Elevate your SKS Experience with the ThinQ ON Smart Hub

Included with qualifying SKS appliance package purchases of $20,000 or more, ThinQ ON elevates the SKS experience through intelligent connectivity and seamless integration.[1]

The AI Hub that Speaks SKS

ThinQ ON is appliance-aware AI designed to understand your SKS appliances and help you interact with them naturally.

Interact

Ask about appliance status, cooking progress, and more—or adjust appliance settings with simple voice commands.[2]

Care

Get alerts, maintenance reminders, and proactive support[3] to help keep your appliances performing at their best.

Connect

Bring compatible third-party smart devices, lighting, and routines together through one elegant hub for a seamless connected-home experience.

[1] Offer available at select retailers while supplies last. Qualifying SKS appliance package purchase of $20,000 or more required (before taxes). ThinQ ON retail value $265. See associate for details. [2] Not all features and functions can be controlled by voice. [3] Support is limited to troubleshooting from the product owner's manual.

Voice Recognition Notice: ThinQ ON cannot distinguish between adult and child voices and may respond to voice commands from anyone within range. The account holder is responsible for all use of the device, including use by minors.
