SKSUW2401P
24-INCH BUILT-IN UNDERCOUNTER WINE REFRIGERATOR

SKS | SIGNATURE KITCHEN SUITE

WINE CAVE TECHNOLOGY™
Carefully tailored to mimic the ideal environment of historic wine caves, our exclusive design minimizes temperature fluctuations, reduces vibration, limits light passing through, and locks in humidity.

PRECISE PRESERVATION
Ingenious features like an Smart Inverter Compressor help to keep your collection cool while minimizing temperature fluctuation and vibration.

LIGHT AND HUMIDITY CONTROL
Dark-tinted, triple pane glass protects wine from damaging UV light while humidity control boosts humidity to optimum levels, helping to preserve quality and taste.

INDEPENDENT TEMPERATURE ZONES
Two independent temperature zones help keep both white and red wines at the right temperature to bring out the very best taste.

SIGNATURE FIT™ INTEGRATED DESIGN
Features an intelligent, symmetrical design that allows for flush installation, along with easy door reversal.

ECO FRIENDLY
Engineered to reduce environmental impact and ENERGY STAR® certified.

Warranty Summary*

|	
Limited Warranty, Parts & Labor	3 Years
Limited Warranty, Sealed System and Compressor, Parts & Labor	5 Years
Limited Warranty Compressor, Parts Only	10 Years

*These warranties give you specific legal rights and you may have other rights that vary from state to state. For complete warranty details, refer to your Use & Care manual.

CUTOUT DIMENSIONS – FLUSH INSTALLATION

≥24" (610 mm)

≥24" (610 mm)

23 11/16" (602 mm)

≥34 1/2" (876 mm)

30 5/16" (770 mm)

4" (101 mm)

*A minimum 4" (101 mm) finished return that matches the cabinet exterior is recommended on all sides and at the top of the cutout opening. The shaded area will be visible after installation.
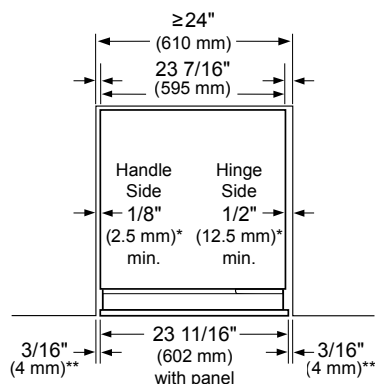

Notes

Wine refrigerator can be installed flush with 3/4" custom panel or optional stainless steel panel kit. With a 24" (610 mm) cutout depth, the front face of the refrigerator fits flush with 24" (610 mm) depth adjacent cabinets. Electrical must be installed in adjacent cabinet for flush installation.

Electrical – A 115V, 60Hz., 15 amp power supply is required. An individual properly grounded branch circuit or circuit breaker is recommended. Install a properly grounded 3-prong electrical receptacle recessed into the back wall or adjacent cabinet.

Note: GFCI (ground fault circuit interrupter) is not recommended.

INSTALLATION CLEARANCES – FLUSH INSTALLATION

≥24" (610 mm)

23 7/16" (595 mm)

Handle Side 1/8" (2.5 mm)* min.

Hinge Side 1/2" (12.5 mm)* min.

3/16" (4 mm)**

23 11/16" (602 mm) with panel
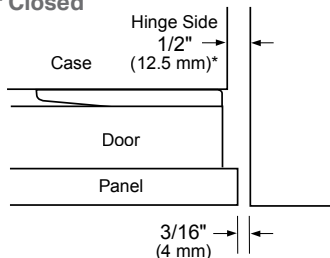

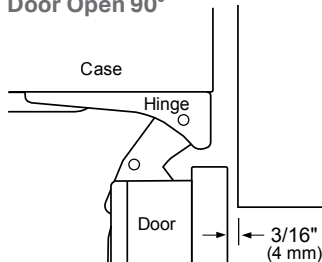

3/16" (4 mm)**

Notes

Door Swing Clearances – The installation must allow for clearances to adjacent walls or cabinets. This wine refrigerator is equipped with a 2-position door stop. The factory-set 115° door swing can be adjusted to 90° if clearance to adjacent cabinets or walls is restricted.

Door Handle Clearances – The door handle depth must be added to the dimension as noted to determine the total clearances required from adjacent cabinets or walls. This clearance will vary depending on the custom handle used. When using the Stainless Steel Door Panel Kit w/ Stainless Steel Handle, the door handle clearance with door open 115° is 11 3/4" (298 mm).
